

Mini Car Inverter 150W with USB – CAR1500U

Products Description :

JYINS mini car inverter convert 12/24V DC into 100-120V/220-240V AC, Only simply plug your inverter into the cigarette lighter socket from the console in your vehicle then get power for your electronic devices such as laptops, DC players, phone chargers etc. USB charging port offers an additional choice for user. It can charge for digital equipments.

Products Features :

- Small in size , light in weight and potable
- Easy to use and high efficiency
- Green LED for indicates the power on
- Input & output isolation
- Muti-protection function
- USB output port: 5V500mA (optional)

Protection Features:

- Low voltage protection
- Over voltage protection

- Over temperature protection
- Short circuit protection

Details :

Model	CAR1500U-121	CAR1500U-122	CAR1500U-241	CAR1500U-242
Rated power	150W			
Surge power	300W			
Output voltage	110V	230V	110V	230V
Output frequency	50/60Hz ±3			
USB port	5V 500mA (optional)			
Output waveform	Modified Sine Wave			
Input voltage	12V		24V	
Dimension	120*60*39mm (L*W*H)			
N.W/unit	150g			
QTY/Ctn	40pcs			
Packing	Double-side Blister			
Meas./Ctn	58*30*38.5cm			
Brand	CARSPA or OEM			
Certification	CE-EMC/LVD,RoHS, E-mark			
Warranty	18 months			

Note: if without USB, the model is CAR1500
