

Smart Car Inverter 120W with digital display -CAR120

Products Description :

JYINS smart car inverter convert 12/24V DC into 100-120V/220-240V AC, Only simply plug your inverter into the cigarette lighter socket from the console in your vehicle then get power for your electronic devices such as laptops, DC players, phone chargers etc. USB charging port offers an additional choice for user. It can charge for digital equipments.

Products Features :

- Digital display : Volt, Watts, and Protection status
- Smart and potable
- Easy to use and high efficiency
- Input & output isolation
- Muti-protection function
- USB output port: 5V500mA

Protection Features:

- Low voltage protection
- Over voltage protection

- Overload protection
- Over temperature protection
- Short circuit protection

Details :

Model	CAR120-121	CAR120-122	CAR120-241	CAR120-242
Rated power	120W			
Surge power	240W			
Output voltage	110V	230V	110V	230V
Output frequency	50/60Hz ±3			
USB port	5V 500mA (optional)			
Output waveform	Modified Sine Wave			
Input voltage	12V		24V	
Dimension	108*66*20mm (L*W*H)			
LED & digital display	Volt, Watts, Protection Status			
N.W/unit	215g			
QTY/Ctn	50pcs			
Packing	Double-side Blister			
Meas./Ctn	48*32*46cm			
Brand	JYINS or OEM			
Certification	CE-EMC/LVD,RoHS, E-mark			
Warranty	18 months
